Backpacker tourism benefits its destinations environmentally in number of ways. This is attributed to a concept that is referred to as eco-tourism that many backpacker tourists like. Eco-tourism means travel that is environmentally affable. It could also be said to be ethical and responsible manner of travel (Diamantis, 2004).

Sustainable tourism is a broad term and something I could talk about for hours. However, I won't do that now, but I'll give you a short insight in the meaning of sustainable tourism before we continue. I like to divide sustainable tourism into three main areas: human welfare, animal welfare, and nature preservation.

Key Difference - Backpacker vs Tourist. Although both backpackers and tourists travel to different countries, there is a big difference between backpacker and tourist. The key difference between backpacker and tourist lies in the purpose of their tour or travel; backpackers travel to new places to experience the local culture and way of life that is different from their own whereas tourists go to new places for pleasure and relaxation.
