### **Conquistadors Of The Useless Lionel**

Conquistadors of the Useless is a fantastic window into what it was like mountaineering on the brink of what I would consider 'the modern era'. Terray lived in a time where they were actually transitioning from old methods to new, and in his book he gives huge insight to what it was like going into desperately hostile places, where none had been before, without the necessary tools.

The gripping adventures told within Conquistadors of the Useless capture the energy of French post-war optimism, a time when France needed to re-assert itself and when climbing triumphs were more valued than at any other time in history. Terray's death, in the Vercors, robbed mountaineering of one of its most passionate and far-sighted figures.
