Cars is a CGI-animated film series and Disney media franchise set in a world populated by anthropomorphic vehicles created by John Lasseter. The franchise began with the 2006 film of the same name, produced by Pixar and released by Walt Disney Pictures. The film was followed by a sequel in 2011. A third film was released in 2017. The now defunct Disneytoon Studios produced the two spin-off films ...

But most people considering a homebuilt project would be wise to decide on a task that is much more easily achieved. In effect, every new builder must balance an often-conflicting set of objectives. If the finished aircraft is the only real motivation, the choice of aircraft will probably be dictated by the budget.
