Social order - Wikipedia
Through conscious form or social control, society compels an individual to act according to its accepted objectives. Law, Propaganda, Education are such forms. Through unconscious method, social institutions such as religion, customs, traditions, etc. keep control over the behaviour of the individual.

Social Control: The Meaning, Need, Types and other details
Social threefolding is a social theory that originated in the early 20th century from the work of Rudolf Steiner. Of central importance is the distinction between three spheres of society - the political, economic, and cultural - and the conviction that society is healthier when, in their work together, these spheres are independent of one another. This conviction is born from "the fact that a sphere of life calls forth interests arising only within that sphere.
