### Law And Inflation

Inflation Law and Legal Definition. Inflation is a persistent increase in the average price level in the economy. Inflation occurs when the average price level (that is, prices in general) increases over time. This does not mean that all prices increase the same, nor that all prices necessarily increase. Some prices might increase a lot, others a little, and still other prices decrease or remain unchanged.

### Inflation Law and Legal Definition | USLegal, Inc.

Inflation is currently one of the world's more pressing economic, political, and social problems. We are living in an era in which most countries have experienced double digit inflation, an economic phenomenon that has profound implications for lawyers and jurists. the bulk of our laws and legal doctrines have been formulated upon the assumption that the value of money remains reasonably stable.
