The term 'managerialism' has been widely used but theoretical publications on managerialism remain rare while theory development continues to be insufficient. This article is a contribution to the current discussion on managerialism. Managerialism is a deeply ideological project transcending its traditional position when entering into society.

What Is Managerialism? - Thomas Klikauer, 2015

Read Book Managerialism A Critique Of An Ideology

The justification for applying a Žižekian ideological critique to these questions rests on its ability to make connections between the subjective understandings of organisational members, both managers and workers alike, and how these understandings are framed by the instrumental logic of managerialism as it operates within workplace settings that are inherently antagonistic.

A Žižekian ideological critique of managerialism ...

There is an increasingly common assumption that managerialism influences the economic, social, cultural, and political aspects of a society and that it has permeated every level of human interaction. Some associate managerialism with neo-liberalism, bureaucracy, and hierarchy. However, managerialism also seems to imply inappropriate or ineffective use of management and organisations, something which is not inherent to bureaucracy or hierarchy.

What is the Managerialism Theory? Definition & explanation ...

Managerialism is an increasingly prevalent modern-day phenomenon. Its influence is said to have extended far beyond the organizational setting into economic, social, cultural and political spheres and to have become so pervasive that it has 'infiltrated every eventuality of human existence' (Klikauer 2015, 1109). For Entemann (), it has become the predominant ideology of society.

Managerialism is a set of beliefs and practices

Managerialism is an “in” topic recently in privacy scholarship (Cohen, 2019; Waldman, 2019). In Waldman’s (2019) formulation, the managerialism problem is, roughly: privacy regulations are written with a certain substantive intent, but the for-profit firms that are the object of these regulations interpret them either as a bothersome constraint on otherwise profitable activity, or else as means to the ends of profitability, efficiency, and so on themselves.
