Risk Budgeting A New Approach To Investing [PDF]

The approach—in which expenses must be justified for each budget period—is too arduous, they have argued, involves too much micromanagement, and poses countless other challenges. Many of those objections evaporated, however, in the wake of the COVID-19 crisis—probably because business leaders no longer faced the base decision about whether to shift spending but rather the more urgent ...

2 Analysis of the risk budgeting approach 2.1 Definition Let us consider a portfolio of n assets. We define x_i as the exposure (or weight) of the i th asset and $R(x_1, \dots, x_n)$ as a risk measure for the portfolio $x = (x_1, \dots, x_n)$. If the risk measure is coherent and convex (Artzner et al., 1999), it verifies the following Euler decomposition ...
